Quality Check

Score: 9 / 10 Verdict: ok

Review Snapshot

Reviews: 8 Average rating: 4.88 Average review length: 95.8 chars

Insights from Reviews

- strength: Beautiful and long-lasting colors with soft finish
Evidence:
“Very good product colors are beautiful”
“They don't dry totally down but they last a while and leave lips soft”
- weakness: Not smudge-proof and requires reapplication
Evidence:
“It is not smudge proof it's a semi-matte”
“You do have to reapply”
- use_case: Ideal for everyday wear and night out occasions
Evidence:

“The dark color isn't clownish or too bright, it's perfect for a night out”
“Not sticky at all. Doesn't look dry like a lot of matte colors”

- audience: Targeted at consumers seeking matte lip color with soft finish
Evidence:
“Not sticky at all. Doesn't look dry like a lot of matte colors”
“The nude color is just a HINT of color”

Positioning

Value proposition: Long-lasting, soft matte lip color with vibrant shades

Target audience: Adults seeking affordable, non-drying matte lip color

Key differentiators:

- Soft, non-sticky finish
- Vibrant color payoff
- Long wear with lip softness

Messaging

Primary message: Experience beautiful, long-lasting matte lip color that stays soft all day

Tone: Confident, elegant, and approachable

Supporting messages:

- Perfect for night out with balanced color intensity
- No drying or chalky finish, just radiant results

Channels & Content Ideas

Social media (Instagram, TikTok)

Demonstrates color payoff and soft finish in real-time

- Before/after lip application videos
- Color swatch comparisons
- User-generated #RevlonLipChallenge posts

Influencer partnerships

Leverages beauty influencers for matte lip color use cases

- Trendy makeup looks with the product
- Long-wear testing videos
- Comparison with other matte lip colors

Offers

- Buy one, get one 15% off — Encourages trial based on positive reapplication feedback
- Free lipstick mirror with purchase — Supports the product's long-wear claim

Risks & Mitigation

- Perceived smudgability despite semi-matte formula — Highlight compatibility with blotting papers and setting sprays

KPIs

- Average review rating — target: 4.75+; measurement: Aggregate customer review scores
- Reapplication frequency — target: 2+ times per day; measurement: Customer-reported usage data
- Smudge resistance — target: 80%+ satisfaction; measurement: Survey responses on product longevity

Assumptions

- Customers will prioritize soft finish over smudge-proofness
- Color variety (seduction & addiction) appeals to diverse audiences
- Product durability meets expectations for matte formula
